ABOUT MGL SEHOOLE PROJECTS

A construction legacy

In 2006 our director, Molebatsi Sehoole, left the corporate space to pursue this journey in construction with the construction of his own home in Daveyton, Johannesburg.

Mr Sehoole's attention to detail, and modern outlook on design, and construction, immediately became apparent in this first and subsequent projects that followed.

Since its inception MGL Sehoole Projects has managed to establish a reliable supplier, and business relationships which have helped cement a good rapport within the residential construction market of the Johannesburg, East Rand, Tshwane, and Free State Province.

Testimonial

Mr. Gavin Soundy

"I would like to give big ups to MGL Sehoole Projects regarding the construction project they did for me. MGL Sehoole Projects is one of the best general contractors that I've worked with. The entire team tactfully delivered a project of exceptional quality while staying on schedule and under budget. I hope to work with MGL Sehoole projects again in the near future and I will definitely recommend this company to friends and family."
